Dinosaurs: 300 Prehistoric Creatures (Paperback)

By Gerrie McCall

Amber Books Ltd, United Kingdom, 2016. Paperback. Condition: New. Revised. Language: English. Brand new Book. For 150 million years, dinosaurs were the undisputed rulers of the Earth. Today, these great lizards still fire our imaginations. Dinosaurs profiles the creatures who lived during the great Age of Reptiles, the real-life giants and monsters such as the Tyrannosaurus Rex and Stegosaurus who once dominated our planet. Also featured are many of the prehistoric world's other most fearsome and awe-inspiring creatures, from huge birds of prey to ferocious sabre-toothed cats. The entries are grouped chronologically, with examples drawn mainly from the Triassic, Jurassic and Cretaceous Periods. Each dinosaur or other prehistoric creature is illustrated with a stunning, full-colour artwork. For easy reference, each entry also includes a table of information containing key data such as size, weight, diet, meaning of name, armour, hunting techniques and distribution of fossil remains. Engaging accessible text provides an introduction to each dinosaur's behaviour, habits and other key information.

Reviews

I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).
